FALL IS THE IDEAL TIME FOR PLANTING THREE OF OUR SPECIALTIES

LILACS, WINTERBERRY AND FRUIT TREES

We have an extensive selection of freshly dug field-grown as well as container-grown lilac, winterberry and fruit trees. These plants move superbly in the fall.

Ilex verticillata – Winterberry – Fall is the ideal time to plant our extensive selection of these wonderful natives. Superb in the fall and winter landscape, excellent for attracting birds as well as cutting for holiday decorations. We offer red, yellow and gold-fruited cultivars adaptable to a number of sites. Large field-grown as well as container-grown plants available.

Syringa – Our lilac selection comprises over 30 varieties, including common white and purple, several French hybrids, the extremely fragrant hyacinthiflora hybrids, laciniata or Cutleaf lilac, hybrid Littleleaf ‘Tinkerbelle’ and ‘Fairy Dust’, late-blooming Canadian hybrids and the Japanese Tree Lilac.

Fruit trees – We offer an extensive selection of fruit trees including large specimen Windy Hill Farm grown apples and pears for fall planting.
